

Northview High School
BASEBALL CAMP
"Making a Difference"

April 21, 2012

9:00am to 1:00pm

Northview High School Baseball Field

\$10.00 per player

Open to all minor and up players wanting to sharpen their baseball skills. Players can get valuable, specialized training from the Northview Chief's Varsity Baseball Team.

Going from Little League rules to Cal Ripken rules is a major change for young players. Let the Chiefs demonstrate the difference!

We will specifically cover the areas that young players do not have much experience at, such as how to lead off bases, stealing a base, pick-off of runners, balking, reading pitcher's pick-off move, throwing a runner out. In addition to the specific training, the Chief's will go over fundamentals such as batting and throwing.

There will be student and parent involvement in the training of your players.

We will also have the concession stand open to players and parents who wish to watch.
